DIARY NOTES

25X1A

DD/S

7 June 1960

25X1A9a

25X1A6a

1. Spent a few minutes visiting with [REDACTED] who was highly complimentary of all our Support people [REDACTED]

25X1A6a

2. Jim Garrison reviewed with me his financial situation for Fiscal Year 1960 and requested approval on two rather major expenditures. We are now paying \$32,000 per year rent for two Xerox machines. Jim wishes to buy these at a total cost of \$118,000. The [REDACTED] needs additional dehumidifying space and other incidental improvements costing about \$50,000. He thinks that he will be able to turn back to the DD/S kitty somewhere between \$80,000 to \$100,000 after having made these expenditures. I authorized him to go ahead with these projects.

3. Jim reported that the industrial layout for the Photographic Intelligence Center would be completed in about sixty days. This, of course, means that funds for an A&E contract cannot be used before Fiscal Year 1961.

25X1A9a

4. Jim advised that he saw no reason why the Office of Logistics could not satisfy the printing and reproduction requirements of the Photographic Intelligence Center and stated that he had told [REDACTED] that he could not process his requisition for a Harris Press unless I approved. I assume that I will be hearing from PIC if they want to push the matter further.

5. I asked Jim to see Mr. Aiken of the District Highway Department and talk to him about delaying the demolition of "M" and "Q" Buildings. I do not want to approach Commissioner Welling again on this unless I have to.

6. I told Jim that I was ready to go to the Department of Commerce to discuss additional parking arrangements at the new building site. However, I reminded him that sometime ago I had sent a note to the Office of Logistics asking for comments and recommendations with regard to using some of the land belonging to the Bureau of Public Roads for athletic fields. He is to look into this and I expect to discuss both subjects with Commerce on the same visit.

25X1A9a

7. Jim informed me that Colonel [REDACTED] was going to [REDACTED] and probably would be leaving in September.
